

Shape the Future of Development in Gallatin County!

Your feedback is critical to ensure future growth is managed in a way that supports the community's vision.

Gallatin County is in the process of creating a Future Land Use Map (FLUM) and Housing Strategy (HS) to guide future development, **building on the vision and priorities for future land use established in the 2021 Growth Policy**. Join us to explore current trends, needs, and conditions with the project team, and provide feedback that will be used to inform this important effort.
