MODEL ZONING CODE DROP-IN WORKSHOPS

Gallatin County is launching a Model Zoning Code to support affordable housing that's just as high-quality as market-rate homes. Whether you live, work, or play in Four Corners, Gallatin Gateway, or anywhere in the county—your voice matters! **Your input will guide priorities and shape how and where housing grows in our communities.**

We're offering two drop-in workshop options at differing times and locations—**Tuesday, June 17th at the Four Corners Commons** and **Wednesday, June 18th at the Gateway Community Center!** Choose the time and location that works best for you:

- ◆ Drop in anytime—stay as long as you like
- ◆ Interactive activities to explore the project
- ◆ Kids' activities, snacks, and refreshments provided!

Can't make it in-person? Take the community survey online instead! Visit the project website at bit.ly/GCZoningCode to get started. **Survey closes June 30th.**

Questions or comments? Email envision@gallatinmt.gov or call 406.582.3130 to connect with the project team or sign up for updates.

COMMUNITY SURVEY

.....

Gallatin County Model Zoning Code for Affordable Housing

Gallatin County is working on a model zoning code to help promote affordable housing that is identical to the quality of market rate housing. **We want to hear from everybody in Gallatin County in our survey**—especially if you live, work,

or recreate in **Four Corners or Gallatin Gateway**, as the model zoning code is first focusing on these areas. Your feedback will shape and guide priorities for affordable housing production in our community!

Visit the project Social Pinpoint page at bit.ly/GCZoningCode to take the survey and get involved! **Survey closes June 30th, 2025.**

For questions, comments, or concerns, and to sign up for email updates, please email envision@gallatin.mt.gov, or call 406.582.3130.
